

## Membership in your HBA doesn't cost – it pays!

When you join the Home Builders Association of Chester and Delaware Counties (HBA), you automatically become a member of the Pennsylvania Builders Association (PBA) and the National Association of Home Builders (NAHB). You can take advantage of the hundreds of services offered only to members.

### The TOP TEN REASONS why your company should join:

1. **Weekly update** – A valuable e-update resource that includes articles, a calendar of events, photos from recent events, new members, and member advertising. Only member-contributed articles, not professional authors.
2. **Business Prospects** – By becoming involved in the HBA, you create more opportunities to meet and share with members in the building industry who seek to hire in Chester and Delaware Counties and beyond.
3. **Group Insurance** – Members have access to our health and worker's compensation insurance programs.
4. **GM Affinity Program** – GM is proud to be the exclusive automotive partner of the NAHB. Receive a \$500 rebate on the purchase of a new vehicle.
5. **Education** – Seminars for Builders and Associates.
6. **Free Legal** – For answers to legal questions about the industry, access NAHB's legal department.
7. **Discount Advertising** – Promote your business at bargain rates in our magazine, website, and directory.
8. **Networking events** – Great for business contacts and always fun! Come to: Installation event, Joint Legislative Breakfast, Awards Program, Golf Outing, Beer and Wine Tasting, Happy Hours, Meet the Builder, Octoberfest, Holiday Party, Charity initiatives, and more!
9. **Full Time Executive Office** – Problems or questions? Just call! We work for you!
10. **PA One Call Invoice** – Send or fax invoices to the HBA office for verification of membership and the \$100 fee is waived. Unlimited FREE uses with your membership.

Call me at the HBA office to discuss why you should become a member of the Home Builder Association of Chester and Delaware Counties.

Sincerely,

Lauren Adams
